

A LITTLE BIT OF TLC...

TLC House Indiana

VOL 1

SPRING 2022

TLC empowers survivors of domestic violence by providing opportunities for safe shelter, self-sufficiency, and recovery.

TLC stands for "Transitional Living Center," a place for women and their children who have survived domestic violence as they change their lives for the better.

TLC also stands for "Tender Loving Care" - and for good reason. From the moment a woman walks through the door she feels loved, protected, and cared for.

FROM BROKEN TO BRAVERY

**All names changed to protect clients.*

Meet Susan. Susan arrived at TLC with a broken collar bone because her husband hit her over the head with a sledge hammer. She escaped with only the clothes on her back. TLC helped her work through the legal system to obtain custody of her children. After receiving counseling, job training, and care through TLC, Susan is now an LPN working in home healthcare.
